

The 480i is a high quality Business-Class IP phone with excellent ergonomics and ease-of-use. This feature-rich phone provides hosted key system features when combined with Broadsoft's BroadWorks software.

Model 480i Broadsoft's Broadworks IP Telephone

Key Features:

- ✦ **Tight Integration** — Support for BroadWorks enhanced SIP features.
- ✦ **Multiple Line/Call Appearance Lights** — Support up to 9 simultaneous calls. Juggle multiple calls easily with a single press of a button.
- ✦ **Shared Call Appearances** — Shared calls allow you to place a call on hold at one set and pick it up easily at another set.
- ✦ **BroadWorks Enhanced Call Control** — Allows the phones to be controlled by Broadworks Call Manager.
- ✦ **Remarkable Audio** — Quality speaker phone with excellent voice delivery.
- ✦ **Protect Your Investments** — Firmware upgrades can be installed in the field as standards develop and protocols evolve.
- ✦ **Less Wiring** — Built in two-port 10/100 Ethernet switch lets you share a connection with your computer. Inline power support eliminates power adapters.

Building success with the business telephone leader

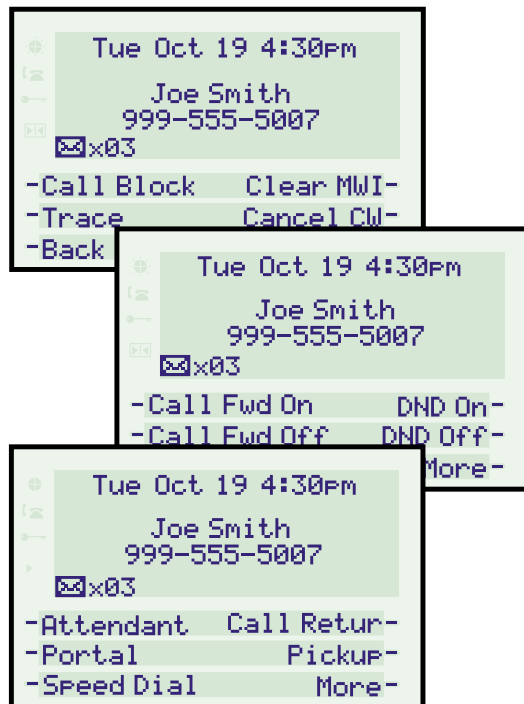

Enhanced Productivity

Maximize your productivity while minimizing training time with 480i's easy-to-follow visual prompts. Juggle up to 4 calls with 480i's call appearance light. Gain access to advanced telephone features at the touch of your fingertips, and manage your calls with confidence.

Quality Business Set

The 480i offers the same durability and reliability found in all Aastra business telephones. Its sleek, unique ergonomical design and large screen makes this affordable telephone a smart addition to any business environment. The built-in speakerphone offers the excellent sound quality required for business today.

User-Friendly Screen Menus

The 480i is a feature-rich and versatile IP screenphone that provides tight integration with Broadsoft's Broadworks platform.

The 480i makes call handling effortless by providing visual prompts and on-screen menus. System features are provided through softkeys, eliminating the need to memorize numerous system codes. Transfer calls, park and retrieve calls, and create conference calls with ease. The 480i is integrated with BroadSoft CommPilot™ Call Manager to provide synchronized call control between phone and soft client.

The 480i can be configured for shared line/call appearances, making it easier to pickup held calls from anywhere.
